## **ANDREWS ANNOUNCES FUNDING FOR BUTTERFIELD SCHOOL**

Representative Denise Andrews (D-Orange) announced today that the Massachusetts School Building Authority's (MSBA) Board of Directors has approved 43 projects under the Green Repair Program. Through this program, the Orange Elementary Schools was awarded a grant of \$113,289 for repairs to the roof of the Butterfield School.

The main goals of the Green Repair Program are to improve learning environments for children and teachers, reduce energy use and generate cost savings for districts. These funds have been made available through a competitive program. "Besides improving the learning environment for our children, the green repairs also make our schools more energy efficient, and generate significant cost savings. It's a win-win program for everyone," stated Treasurer Steven Grossman.
